Children under twelve years of age at the time of embarkation, five dollars less than the above; and infants under twelve months thirteen dollars less than the above-named prices, to Boston or Albany, and other places in proportion; but we will not issue a pre-paid certificate for children under twelve years of age, unless accompanied by a passenger over twelve years, who must be paid for at the same time and on the same certificate.

The above prices embrace a steerage passage from Liverpool to Boston, by any of our Splendid Line of Packets; provisions at sea according to the undermentioned dietary scale; doctor's attendance and medicine on board when required; port charges at Boston, and all expenses of transportation of passengers and baggage from the ship at Boston, to the destination agreed upon.

In addition to any provisions which the passengers may themselves bring, the following quantities, at least, of water and provisions will be supplied to each steerage passenger of twelve years of age and over, every week during the passage, commencing on the day of sailing, and at least three quarts of water per day:

Two oz. of Tea; 8 oz. of Sugar; 5 lbs. of Oatmeal; 2½ lbs navy bread; 1 lb. wheat flour; 2 lbs rice.

Children under twelve years of age (not including infants,) are furnished with six pounds of bread stuffs per week, the usual allowance of water, and half allowance of Tea and Sugar.

As soon as our Liverpool House informs us per steamer of the names of *pre-paid* passengers embarked, we publish their names in the *Boston Pilot*, and also notify each purchaser of *pre-paid certificates*, either directly or through our agents.

On the arrival of any of our ships in the outer harbor, we immediately dispatch an agent on board, to give prepaid passengers the necessary instructions regarding their route westward.

Bedding and utensils for eating and drinking, must be provided by passengers; and those going to the Canadas, or Western States, must furnish their own provisions from Boston.

TRAIN & CO., of Boston, inform those who take an interest in the welfare of Immigrants, that as owners of the ONLY LIVERPOOL and BOSTON LINE of PACKETS, they have determined that their Immigration business shall be conducted in their own name, on their own responsibility, and by themselves or their immediate servants.

In calling public attention to the subjoined list of the Ships which comprise our Boston Line of Packets, we believe that its general reputation *as the first of American Lines* is sufficiently well known and established. The Thousands of Letters which have been sent by American Immigrants to their friends in every part of Europe, have borne ample testimony to the rapid and successful passages made by those Ships, and to the superior Health, Comfort and Safety which their Passengers have hitherto enjoyed. Many of them will be recognized as vessels which have gained the very highest character, by a succession of unusual rapid passages.

They possess all the modern improvements which conduce to health and comfort, as a superior system of lighting and ventilating, the very best Provisions, and a careful medical superintendence.

The Captains have been carefully selected as first-rate sailors and men of humanity, and an experienced Surgeon is attached to each Ship, and no expense is spared to render this the best and most popular conveyance to America. As Train & Co. have made such arrangements in Liverpool as will PROTECT their friends from the frauds and impositions sometimes practiced there, they believe that those who pre-pay passages cannot but see the advantage of being able to engage with a Respectable House, on favorable terms, for a well known Line of Magnificent Packet Ships, and in this way avoid the disrespect, annoyance and delay which they so often experience, when they engage with Agents who are but slightly connected with transient Ships.

As a proof that their Immigration business is conducted on principles uniformly Honorable and Humane, and that they have been distinguished for the most exact fulfilment of all their engagements, we are permitted to refer to the very Rev. THEOBALD MATHEW, Cork, Ireland.

We also subjoin the following testimonial from the Right Reverend JOHN BERNARD FITZPATRICK, D. D., Bishop, Cathedral, Boston.

(COPY.)

Boston, January 22d, 1849.

"I am happy to testify, from personal knowledge, that the firm of Ship Owners, known in this City of Boston, under the name of ENOCH TRAIN & CO., is composed of gentlemen of tried and acknowledged integrity, and that implicit reliance can be placed in their fidelity to accomplish all that they may promise, to those who have occasion to make any contract with them.

NEW AND IMPROVED
SEWING MACHINES.
THE AMERICAN
Magnetic Swing Machine Co.,
NOW OFFER FOR SALE AT THEIR ROOMS
397 Broadway, N. Y.,
By far the most perfect and valuable Sewing Machines that have yet been invented.
THE PUBLIC are respectfully invited to call at the rooms of the Company, and examine the operation of the most superior machine ever presented to their notice.
It is the result of three separate inventors, each of whom distinct in himself, claims originality. The first of whom is ELIAS HOWE, the first inventor of Sewing Machines, who introduced the shuttle movement, without which every machine is comparatively useless. The next was THOMPSON, who adapted the machine to certain portions of tailor's work, and Mr. COON, by means of the peculiar formation of the shuttle, combined with other recent improvements of his own invention, has made a machine capable of doing any and all work that can be effected by means of the needle. The machine, now offered for sale presents the following distinct and peculiar features:—
1st. It is extremely simple in its construction, and in no way liable to get out of order.
2d. The stitches are uniform, perfect, and present a beautiful appearance never before attained by any machine.
3d. The sewing done by this machine is *warranted* never to rip or ravel—a frequent cause of complaint heretofore from those owning machines of a different character.
4th. Any and all kinds of work can be done on our machine with unusual facility—silk, linen, cotton, or woolen fabrics and leather, each present the same beautiful appearance.
5th. By means of friction rollers the thread can be made light or loose upon the cloth at the will of the operator.
6th. The length of the stitches can be graduated with mathematical exactness by the operator, from the fine and delicate stitch requisite in shirt making, linen bosoms, collars, ornamental work, etc., up to the coarsest stitch taken in sole leather, etc.
7th. The finest curvature can be worked, and beautiful designs, of flowers, baskets of fruit, representations of beasts, birds, etc., can be as elegantly and elaborately worked by the aid of this machine as by the most skillful seamstress in existence.
The American Magnetic Sewing Machine Co.,
Have determined to sell the best Sewing Machine in existence, and have succeeded beyond their warmest anticipations. The speed of the machine is also a great feature that must secure the attention of the purchaser. It will take with ease
FIVE HUNDRED STITCHES PER MINUTE!

NOTICE TO BUSINESS MEN.

The circulation of the DAILY SENTINEL is by far the LARGEST of any daily paper published in the State; and presents greater advantages to Merchants, Mechanics and Artisans, as a *medium of Advertising*.

The *Weekly Sentinel* has now a circulation of over two thousand copies, which is constantly and rapidly increasing. Advertisements put in the Weekly at the same rates as in the Daily.

All Advertisements appear in the Tri-Weekly *Sentinel, without additional charge.*

Price of the Daily $6,00, of the Tri-Weekly $3,00 and of the Weekly $1,00 per year, *payable in advance.*

Important News at Hand.

Under the Telegraph head will be found the important rumor that the Czar has *peremptorily* rejected the *ultimatum* of the Four Powers.—Should the *Pacific*, now due, confirm this probable story, the question of Peace or War will be effectually solved, and stirring news may be looked for from Europe. High as prices of Breadstuffs now rule, a general war in Europe, now most imminent, will cause a still further advance. The New York Market of yesterday shows a marked upward tendency in anticipation of the *Pacific's* news.

EDITORIAL CORRESPONDENCE OF THE SENTINEL.

Madison, Feb. 6, '53.

With barely a quorum in attendance, the Assembly got along with considerable business this morning. The attendance of *lobby* members is sparse, and among them all, none are better received than the delegation from the western towns of Kenosha County, who, according to the report in the Kenosha *Telegraph*, came, regularly accredited, with the positive understanding that they are to place an unlimited quantity of *oysters* at the disposal of the members. I am a little fearful that their chairman, Mr. McKesson, may make some compromise with Mr. Hale, as, for instance, that the western towns shall furnish the money, and Kenosha the oysters, the consequence of which would be materially to curtail our rights in the premises. Anyhow, there will be rare sport upon this Kenosha railroad bill, before we get through with it.

The Racine and Rock River Plank Road Co., shows by its annual report to the Legislature, the following state of affairs:

That the amount of capital invested by said company is $113,000. The length of road now in operation is 52¾ miles. The expenses paid during the year ending 1st December, 1853, amounted to $2631,79; and that the amount collected for tolls, during the same year, was $12,976,08, and the amount expended for relaying road, was $3 966,63.

The "Calamine and Mississippi Railroad Co.," charter, introduced some time since, and laid upon our tables printed this morning, is for a road from some point on the Mineral Pt., road to some point on the Mississippi above Cassville in Grant County.

Gen. Crawford, in presenting a memorial signed by some 50 names, against the passage of the bill authorizing the county loan in Milwaukee County, said that he believed it to be a *bogus paper*, all of the names being signed in one handwriting. I have seen the paper, and have no doubt that the General's remark concerning it was true. It was, however, referred to the county delegation, who will doubtless place a proper estimate upon it.

Among the bills introduced was one by Mr Hadley, providing for the appropriation of $1000 from our city harbor fund, authorized last winter, to pay for advances by private citizens expended in repairing the piers last season. There was also a bill by Mr Webster, changing the day for holding the annual meeting of the Milwaukee & Mississippi R. R. Co. As now appointed, there is less than a fortnight given the Directors to make up all its figures and statistics for the year, and to prepare their report for the stockholders.

The State Historical Society has sent in a well written and well argued memorial, asking for an annual appropriation to aid it in the worthy object of obtaining and preserving books, papers manuscripts, and other materials necessary for the progress and completion of the History of our State. Let us see whether the same Legislature which votes for itself 200 copies of Hunt's Gazetteer (and it is an excellent Gazetter) will do as much for the permanent interests of the State as it does for its individual members.

Mr. Baker, of this county, exhibited this morning the tenderness of his corns, which had been trodden on by my friend Dr. Brisbane, the correspondent of the *Free Democrat.* He denied, absolutely, the use of the use of the language imputed to him. This is an issue of fact between the member and the reporter, in which I must say that the latter has the best of it. After Mr. Baker's highly indignant speech, Mr. Thomas, of Rock, fairly "brought down the House" by arising and gravely addressing the Chair as follows; "Mr. Speaker,—*I fully concur* with the gentleman last up."

The item of the morning was the report of the liquor law. There was a little preceding farce, in the shape of remonstrances by Messrs. Orton and Knowlton, of the judiciary committee, against the passage of the resolution calling upon that committee to report upon this subject. Mr. Knowlton opposed it as a slur upon the committee for delaying intentionally that report, and said that they had been hard at work, and should report as soon as they could get ready, and 10,000 resolutions could not bring a report any sooner, from *him.*" The resolution was tabled; and reports from committees being next called for, Mr. Knowlton *immediately rose* and reported the bill, of which I send you an abstract. Three times the usual number are ordered printed, and I will forward a copy as soon as possible. The following, however, gives all of the items of importance:

Prohibits the "furnishing" of spirituous or mixed liquors, under a penalty of $15 to $50, or imprisonment from 10 to 30 days, for the first offence, and 30 to 90 days imprisonment for the second.

Gives justices of peace concurrent jurisdiction with other courts in cases arising under the law. If a person is accused of a *second* offence, and the proof shows the offence to have been the *first*, conviction of a first may follow.

The magistrate or judge, on complaint, to issue warrant for search and seizure. If the accused is convicted, or forfeits his bail, or does not appeal in 60 days, the liquors to be treated as a nuisance and destroyed.

Complaints may be made without oath, but must be subscribed to a given form, by the complainant. The magistrate to issue subpoenas for witnesses, and compel attendance by attachment. Proceedings under this law, not to interfere with criminal proceedings under other laws.

Furnishing to mean "selling, bartering, exchanging, giving away, or knowingly permitting to be taken; and it shall not be necessary to prove the *person* who obtained the liquor.

A person convicted 3 times or more to be declared a common disposer of intoxicating Liquors, and his liquors may be destroyed by any one who chooses. Sheriffs and constables are directed to seize and destroy such liquors, and may call out the power of the county to aid them; and are subject to a fine of $100 for refusal or neglect to perform their duties.

Trustees, boards of city government, and town boards, *may* provide for the sale for surgical, medical, or mechanical puspoees, by the appointment of an agent in each town or ward, who is to receive a compensation, paid out of the earnings of the business, but not in the form of a per centage; the net profits to be paid into treasury for town, village, or city purposes.

The Agent to give a bond, with two sureties, in the penal sum of $1000 each, and to be put upon oath, as to the proper discharge of his duties. His agency may be revoked by the authorities, and they may take possession of the stock of liquors. He must keep a record, open to public inspection, of his daily transactions, with the names of parties.

Nothing in the act to interfere with the observance of the sacrament, or with the sale of liquors by Agents in one town to agents in another.

Chapter 162 of the statutes of 1851 is repealed. The law to take effect on the 1st of June.

The old claim of James Morrison, Territorial Treasurer, which has heretofore caused considerable discussion here, was in hand again this morning in committee of the whole, upon a motion to return it to the files for further examination. The motion failed, but a motion to postpone for 3 days prevailed in the House, after some debate, by a large majority.

Tuesday Feb. 7 9 A. M.—About an inch of snow has fallen during the night and the flakes are fast coming down as I write, betokening a continuance of our sleighing, but, I hope, bringing no more such storms as we have had. All in the dark and solemn hours of last night, amidst a thick-ening, sympathising, yearning crowd of brethren, beloved and in profound silence, except when the head of the order spoke words of authority and counsel, Hon. S. H. Baker, of this county, and Mr. D. McGlashan, of this place, were gathered into the sublime order of 1001, and their eyes opened to an appreciation of its mysteries.

OFFICE OF THE SENTINEL.
Milwaukee, February 8.

Messrs. Wells & Hill, Johnson & Co., W. B. Alvord and others,

Gentlemen:

RUFUS KING & CO.

☞ The Anti-Nebraska meeting in New York was a failure. Wilmot Proviso Resolutions were adopted. The meeting was thinly attended and spiritless, and no democrat appears to have taken part in the proceedings.—*Morning News.*

All the leading New York papers concur in stating that this meeting was very largely attended, that the proceedings were spirited and determined; and that leading men of all parties were present and acting. As to the assertion of the *News* that "no democrat appears to have taken part in the proceedings," it is sufficient to say that such tried and time honored democrats as WILLIAM CULLEN BRYANT, WM: HAVEMEYER & MYNDERT VAN SCHAICK, were among the Vice Presidents, and ROBERT EMMET among the speakers of the meeting. The attempt to represent the opposition to the Nebraska Swindle as merely political, is a decided "flash in the pan."

NEBRASKA MEETING AT CHICAGO.—The call for the meeting at Chicago, in opposition to the Nebraska Swindle, is very generally signed by Whigs, Democrats and Free Soilers. The Democratic *Press* says of it:

☞ The call for the Nebraska meeting to morrow evening, it will be seen, is signed by a number of the "old line" democrats of the city who stood bravely by Gen. Cass and the Baltimore Platform in 1848. With one or two exceptions *the democracy of this city*, so far as we have had an opportunity of learning their sentiments upon the subject, and we have conversed with a large number of them, *are uncompromisingly* opposed to the repeal of the *Missouri Compromise.*

Every Newspaper in Chicago, Democratic, Whig and Free Soil, has come out in opposition to this great wrong.

GEN: HOUSTON AGAINST THE NEBRASKA SWINDLE.—At the close of an eloquent Lecture in Providence, on the North American Indians, on Tuesday week, Gen: HOUSTON took occasion to allude to the Nebraska bill, now pending in the U. S. Senate.

He was on the committee which reported it, but was himself warmly opposed to it, and added "I will die opposed to it." It was a violation of the faith of solemn treaties. Eighteen tribes of Indians live within the limits of the proposed territory, are owner in fee simple of the soil, and they cannot be displaced without the commission of great national crime.

THE GREAT WESTERN MAIL.—A public meeting was held at Detroit on Monday evening last to take measures to secure the Transportation of the Great Western Mail over the Great Western Railway. If the mail can be carried more expeditiously and with greater regularity over that route, the P. O. Department should not hesitate to give it the preference.

HAMILTON TO OSWEGO.—The Great Western R. R. Company, are building two first-class steamers (to cost $200,000 each) intended to ply between Hamilton and Oswego, on Lake Ontario, in connection with the Rail Roads thro' Canada and New York, terminating at these two points. This will make a delightful summer route for travellers.

M. & M. RAIL-ROAD.—Mr. BRODHEAD, the capable and energetic Superintendent of the M. & M. Rail-Road, in a communication to the *Morning News*, answers and conclusively refutes a number of anonymous and splenetic charges which have been made against the management of that road.

TO CORRESPONDENTS.—A number of communications, several of them intended for to-day's paper, are unavoidably crowded out by the press of other matter, or deferred in consequence of the late hour at which they were received.

Debate in the Senate on Saturday.

Washington, Feb. 4

SENATE.—In session to-day, the Nebraska bill was taken up Dixon, of Ky. having the floor, spoke in favor of the bill, and contended for the justice of the Provisions which repealed the Missouri compromise, and thus opened the territory alike to all citizens of the Union. He said the Missouri act made an unjust discrimination against slaveholders, as to their right to carry property into the territory, and that a majority of the people of all sections believed the prohibitions of the Missouri act were wrong, and inconsistent with the principles of the compromise of 1850, and ought to be repealed.

MEN AND THINGS IN GOTHAM—NO. 8.

New York, Feb. 2.

Messrs. Editors:

Cold weather, delicatly shaded off from the terrible frigidity which has of late afflicted Badgerdom, has left us at last and in its place—airs as balmy as May prevail with their softening influence, and walking abroad is a luxury too pleasant to abstain from. What a change comes over Broadway by reason of these delightful episodes which the "clerk" favors us with, by way of compensation for many little and great disagreeables, endured in this great mart three-fourths of the time. How the pretty creatures, backward in facing wintry blasts, throng the pave when all is warmth and sunshine—how cheery and brilliant the scene—how rich and showy the costumes—how chatty is each smiling face, and how keen the enjoyment generally pervading the world out of doors on such days as the last three—'tis at such times one learns to value Broadway, and forget its many discomforts, in seeing and being seen, if vanity is his weakness. The Gent who enjoys the first pleasure is the more sensible man of the two, and the other may rest assured, (if his costume goes beyond a shirt collar and pair of spurs) that not one of the 20,000 pedestrians whom he may pass and repass in a brief hour, would ever recognize him as a fellow traveller on the great route thro' the city. One sees every body, yet recollects no one, takes no notice of ordinary beings; curiosity is smothered, or does not exist. It seems to one of sensitive, verdant feelings, to be a very hard and callous world, every-body shut up like a jack knife, or hermetically sealed fruit; but there's nothing like practice in this selfish school, and he will soon get used to it, enjoy it and wonder that the thing ever seemed strange to him. It is amusing to witness a gent of this latter class, catching his reflection in a plate glass window and *titivating* his choker while ostensibly examining the pictures within. One involuntarily admires and enjoys a picture of this description by reason of the uncommon simplicity which marks it the production of untaught merit. There are some standard street sights which appear to be stereotyped, and look as if they and all about them never went to bed. For instance, the young girls who manage the sewing machines for the enlightenment of the million, who perpetually flatten their noses against the panes, either from a laudable desire to understand the intricacies of those ingenious constructions, or for the sake of admiring the rather good looking girls whose daily and constant duty it is to astonish the multitude by showing the vast capabilities of the wonderful invention they exhibit. Then comes the huge blind men, white and black, with a huge placard on the breast, mutely telling of their misfortune and winding up with either a scriptural or an original couplet by way of effect—there they stand all weathers, from early to late, having a fee simple of the ground they stand upon, and lugged off and brought on, at the extreme of the day, by a two or a four legged companion. There's a jolly life for you, nothing to do and coppers to get, and learning what's going on around into the bargain. Then the Gentlemen between small store fronts, living but unseen, divulging all sorts of places where sacrifices are going on perpetually, in the way of day goods particularly; where people are always selling out, but never manage to clinch the business; where you can see, all for a shilling, two headed calves, and six legged boys, and such things as one never dreamed this lively world contained before. Then the man who has faced the public for years, and seems to have several partners now in the trade who perambulate, whereas the original was stationary, but all with remarkable hoarse voices, and adamantine cast of countenance,—speaking briefly, but to the point—whose thoughts run in one channel, whose tongues harp on one chord—the embassy on which they are sent seems to be to cry aloud the fact that any one desirous of effecting a small transaction, may obtain "any thing on the *bourd fur foure cents.*"

The poor Chinese, who were left in the lurch, appear to have had a hard life among their civilized brethren this winter; how the winds must have searched thro' their light blue cotton, or silk gowns, as they strove calmly, meekly, and stoically in the strange thoroughfare, to dispose of a few poor segars or other trifling objects to eke out their humble wants. It is a pitiful sight to watch their shivering forms as they sit on the cold stone, on the look-out for a customer—keener and more resigned expression the countenance could not show than theirs; it has been a matter of wonder that some one has not better employed them; they look intelligent and honest to a degree that is a letter of recommendation on the spot. A few of them have doffed their peculiar dress and put on such things as charity has given them, and it is amusing to see the effects of cowhide boots and corduroy inside, and ill-fitting top garments on them for the first time. Whether they are proud of the change or not, I can't say, but it is a fact, that the wearers become more Americanized by the change, and feel and act accordingly.

The so called "blind preacher," the Rev. Mr. Milburn, chaplain of the House of R—, delivered a lecture before the Mercantile Library Association last week, on "Young America." His subject was certainly trite, and I do not think he made the most of it, tho' he has eloquence and had the popular side of the topic. "Young America" needs no encouragement from Ministers publicly—all that she needs is reining in occasionally, for fear of smashing things by having too much head on. This is a controversial neighborhood at present and as Punch would say "every body is pitching into every body else." There's your nice hot-corn literature and the Five points mission, the "Satanic" informs the public the former is filthy and unworthy the endorsement of pious and pure minded ladies and religious periodicals and publishes extracts to prove it; others papers catch the cry and the whole welkin rings with the theme—"hot corn" sympathisers back out, and acknowledge it (not the corn) was all thro' ignorance and the Tribune—whole platoons of ladies give Mr. Robinson the go-by, and the poor man and his terrible book, looked upon until now, as a brace of wonders to assist in reforming a wicked community and riding on the top wave of fame, have received such a sudden "pull up," that it is doubtful if they ever get off their haunches again by reason of it. Then Mr. Beecher and John Mitchell are hard at it on the subject of slavery, pouring hot shot into each other in such broadsides, 'tis a wonder both do not sink beneath the weight of metal they receive. Then the Bedini troubles have been so much kindling wood for the "*Crusader, True American, Mirror*, and other papers, and in consequence the meek murderer of the great Bassi, and the *Freeman's Journal* have had such a handling, that the former has to sneak incognito out of the country, and the latter make the most of its unpleasant position. Talking of the "Mirror" puts me in mind that your quondam associate F—, has considerable of a hand in that spicy sheet and takes to Gotham "as natural as winking" and had the felicity of making a short but very brilliant debut before a N. Y. audience not long since, the particulars of which I enclose, as well as a "brick" which he threw at two well-known Chicago gents, an incident of travel it may be called—(query) does the Prairie city naturally produce *Flats*?

The contributions for the rescuers of the "San Francisco" have been eminently successful in this quarter, and the gallant Capt. of the "Three Bells," the "admirable Creighton," will shortly return to old Scotia with a pocket full of rocks—"so shines a good deed in this naughty world."—I had the pleasure of hearing Dr. Nott's last pulpit discourse, a few days since: he is certainly a miraculous preservation, and tho' his strength seems somewhat gone, and his tall form is bowed down by the weight of more than 4 score years, his intellectual vigor remains undiminished, and the gospel from such aged lips had indeed a solemn sound—a more impressive sermon it would be hard to conceive of than that of his which had for its text, "what shall a man give in exchange for his soul;" it seemed almost "the last of earth" to him and his audience seemed to feel the fact deeply. Gotham rejoices in the presence of your smiling and affable friend of the Wisconsin, at present; may his eyes never be dimmed, nor his pen lose its *point.*

Good night to you, Mr. *Sentinel.* VIOLA.

For the Daily Sentinel.

Correction.

Messrs. Editors:

I notice in your paper of this morning, that Benjamin Bagnall, Esq., of this city, has commenced an action against the Marshal of the U. S. "for false imprisonment, laying the damages at twelve hundred and fifty dollars." The action commenced is not for "false imprisonment," but an action of debt to recover a forfeiture of twelve hundred and fifty dollars, given by the 31st section of the Habeas Corpus act to the party aggrieved, against the party who shall knowingly recommit, imprison, or restrain of his liberty, for the same cause, a person discharged under that act.

The action for assault and battery and false imprisonment against the Judge who issued the warrant, as well as the Marshal who executed it, will follow, if necessary, in due season.

THE SUPPOSED CASE OF ACCIDENTAL POISONING.—The body of the boy who died in Washington Co. from what was supposed to be poison, taken in a mistake for quinine, remained yesterday at the house to which it had been brought. It appears that the Justice's name, who was applied to to hold an inquest, is Vaughn and that he refused to hold one assigning as his reason that he *didn't know how.* The powder has not yet been analyzed, tho' some of the physicians give it as their opinion that (if poisoned) it must have been by strychnine contained in it. It is improper that the body should remain unburied such a length of time, thro' the ignorance of any officer who had the authority and whose duty it was to have summoned a jury and investigated the cause of death, and then to give an order for its burial.—The course for a justice to pursue, whenever he shall have notice that a person has come to his death by violence, and that the body has been found within his county, is so plainly pointed out in Chapter 152 of Rev. Statutes that it seems a man must lack furniture in his upper story who cannot comprehend it.

PACIFIC RAILROAD.—The select committee on the Pacific Railroad have agreed upon a bill giving alternate sections of land twenty-five miles each side of the road, for the three following routes:

1st. From St. Louis through the Great Basin, over the line explored by Fremont and Beale, called the central route.

2nd By way of Memphis, Arkansas and Albuquerque in New Mexico.

3d. By way of Austin in Texas, El Paso Mesilla Valley and San Diego.

It is said that Messrs Dean and Egerton, administration democrats, repudiated the bill and submitted a substitute. The moon-shine Railroad agents are active, but their stock is said not to be raising in the market. We cannot expect any Pacific Railroad bill to pass the present session. *Chicago Democrat.*

Very likely not. Projects for the extension of Slavery; intrigues for the next Presidency; and quarrels about the division of the spoils, occupy all the time of our "Democratic" Congress.

PUBLIC MEETING.—A petition signed by the Mayor and a large number of citizens, is in circulation, calling for a public meeting to adopt resolutions against the Nebraska bill, presented to Congress by Senator Douglas; and also against the repeal of the Missouri Compromise.—*Chicago Democrat.*

Will not Milwaukee follow the example of Chicago and speak out against this crowning outrage of the Slavery propagandists? Let us not be the last to utter our protest against the Nebraska swindle!

HOTELS AT NIAGARA FALLS.—Persons desirous of visiting Niagara in the winter, will now find ample accommodations there; the Hotels being kept open, all thro' the year, since the concentration of several Rail Road lines at that point.

Prohibitory Liquor Law.

The following Report accompanied the bill of which a sketch is given in our Madison letter:

The majority of the Committee on the Judiciary, to whom was referred so much of the Governor's Message as relates to a "Prohibitory Liquor Law" having examined the subject, with care would report: that to "best satisfy the sentiment of the whole people, in relation to the subject—subserve their true interest," and at the same time adopt a measure called for by "the actual condition of things in the State at large," it is necessary to prohibit the sale of intoxicating liquors for the purpose of being used as a beverage; and that in doing so, it is not necessary or expedient to promulgate any new principle, but simply to apply the well established doctrines of criminal jurisprudence to an evil now in existence, by prohibiting one person from assisting another to perpetrate a wrong upon himself. We are of the opinion that it would be unjust to enact a law to punish persons for injuring themselves, and particularly by the use of intoxicating liquors, since their use necessarily punishes the party using, in a manner, so severe, that if such inflictions were under sentence of our courts they would be justly considered cruel and inhuman; and furthermore, it is beyond the reasonable scope of human government to protect a sane person from injuring himself. It is customary for, and in fact the duty of, Government to prohibit individuals from doing that which is injurious to the morals or health of others, and if a thing may or may not be detrimental in the way mentioned, according to the method or plan of doing it, it is equally the duty of the law making power to interfere, and make such regulations as the nature of the case and the public security require. In accordance with these views we have prepared a bill, which is respectfully submitted herewith, and its passage recommended:

Further News by the Arabia.

The Arabia brings dates to the 24th from Liverpool.

LIVERPOOL, Jan. 24.—Sales of cotton for week ending yesterday, were 45,000 bales, including 4000 for exports, and 5,000 on speculation; the market closed with moderate demand, quotations exhibiting a decline of one-eighth below those current by the previous advices. There is no striking change in trade in the manufacturing districts. Flour has advanced, as has also wheat, but corn continues unaltered, though prices have stiffened under the effects of speculative demand.

Consuls have declined. Large transactions in American securities are reported. A large speculative demand for wheat is reported. Corn is quoted at 50a51s for white, yellow 49a50s. Gardiner quotes a large business in beef and pork at firm prices. Lard is quoted at 56a58s. There is a good inquiry for U. S. 6's of 1868.

EASTERN AFFAIRS.—The details of the late battle on the Danube show a brilliant victory to the Turks. The conflict lasted five days, and the Russians were completely discomfited—4000 killed, and two Generals wounded. On the last day the Turks attacked the Russian reserve, driving it back upon Krajovat, with a great loss of cannon, and immense slaughter on both sides. The Turks destroyed the Russian fortifications, and returned to Kalefat. The Russians have erected fortifications at Sebastopol, and extinguished all the light houses on the Crimea.

The Porte made essential modifications to the note of the Four Powers, which the latter pronounced satisfactory, and sent immediately to St. Petersburgh. The Czar's reply had not been received, but the indications were that he would immediately withdraw his ambassadors from France and England.

The Bank of England had raised its rates of discount to 5 per cent.

The greatest activity prevailed in the French navy yards. Every ship had been ordered to sea, operatives were working on Sundays, and a new levy of seamen had been made. England is strengthening all her coast defences.

Great scarcity of food existed in the Roman States.

☞ Letters received in this city by the last steamer from Europe directed commercial agents here of foreign houses to enter into no business engagements at present in consequence of the probability of a general European war.—[*Boston Transcript, 1st*

Police Court Feb. 8.

A man named Frederick Dupont was brought down from jail, and tried for assault and battery upon Sophia Dupont on the 6th of Feb. The evidence was similar to that brought forward in other cases of this kind; a drunken husband beating, pounding and abusing at every drunken spree, an industrious wife. We were informed by several acquainted with the parties, that the wife who is a midwife and skilful in her business, is willing to furnish her husband with money, and to clothe him, if he will keep sober and behave properly, but that after being a short time out of jail; he comes home and beats her. He was found guilty and sentenced to a fine of twenty five dollars and costs of suit &c. and to stand committed till it was paid; the court remarked that he needed a long restraint, that he was a man who would get intoxicated, and when in such a state had no control over himself, this might have the effect to wean him from liquor.

UNITED STATES COURT

JUDGE MILLER PRESIDING.

Wednesday, Feb. 8, 1854.

Isaac R. Mooers vs. James Kneeland. Wells & Brigham, Finch & Lynde Pl'ffs Atty: Winfield Smith Defendant's Attorney. Ejectment. This cause, which has occupied the attention of the Court for the past three days, was concluded to-day by a verdict of the jury for the plaintiff.

Louisa Hall vs. Harry B. Burch et. al. Emmons & Van Dyke complainant's solicitors—Brown & Ogden defendant's solicitors. Hearing commenced.

NUMBER THREE'S PARTY.—The Oregon boys give their annual Party at Young's Hall *to-night.* They are emphatically a "wide awake" Company and whatever they undertake, they do up in tip-top style. Those who attend their Ball to night, may be sure of excellent music, a good supper, lively dancing, agreeable and pretty partners and a good time generally; besides having the satisfaction of contributing something to the Company funds.

BAPTIST FESTIVAL.—The Fair and Festival given by the Ladies' Sewing Society of the Baptist Church, at Young's Hall, Tuesday, was largely attended and netted about $225.

REAL ESTATE SALE.—Lot 103, Block 6, in the First Ward, being 60 feet by 120, was sold yesterday by CALEB WALL, Agent, to CHARLES SILKMAN, for the sum of $1,600.

Washington Gossip.

The Washington Correspondents write:

(From the N.Y. Courier, Feb. 3.)

The whole Soft Shell division of the party in New York is in open rebellion against the Administration on the Nebraska question. The executive has taken into employment a prominent ex-Free Soil politician who has carried the doctrine of intervention in State politics so far as to prepare and forward for adoption to the Tammany General Committee a string of resolutions favorable to the proposed repeal of the Missouri Compromise. The resolutions were indignantly rejected, with the message from a distinguished Administration leader that "if the President and his coadjutors cannot disgrace themselves sufficiently at Washington, they must expect no aid from this Committee." No response has been made to this stinging rebuke.

I am informed that in addition to Col. Bissell, John Wentworth, Mr. Washburn, and at least two others of the Illinois Delegation have declared against the Nebraska Bill.

(From the Times. Feb. 3.)

There is much bitterness now existing between the friends of General Cass and those of Senator Douglas, in relation to Nebraska. Gen. Cass considers the measure ill-advised but there is no doubt that he will vote for it.

Col. Benton is determined the responsibility of repealing the Missouri Prohibition shall rest where it belongs. He tells the Northern men that the South dictated the terms of that compact, by which they secured Missouri and the territory south of 36 ° 30', and gave the North the prohibition of Slavery north of that line. Now, he says, the South, in common honesty, must stand to their part of the bargain, if required. But if the North desires to give up what it obtained, the South cannot be blamed for taking back the Territory for Slavery.

Col. Benton also said to a friend while conversing on the Nebraska question: "Douglas, Sir, is politically dead, Sir, if he fail to carry his bill, the South will kick him in the rear, Sir; and if he does carry it the North will beat his brains out, Sir. That's all, Sir."

BREAD.—Everywhere the staff of life is a subject of discussion. The present figures at which flour has arrived has made a pretty general fluttering. And well it may—all too on account of the commotions that are at work in Europe. Is there to be any abatement? asks the poor man. If the news by every succeeding steamer, continues as heretofore, we shall see no reduction.—The only source to which Europe must look is America, and a supply must be had, cost what it may. Our farmers have seen events for which they made no preparation, and consequently the supply is vastly too meagre for the demand, which never was greater than at present. During the last six months of 1853, our exports of wheat and flour were.

reduced to bushels makes about 14,000,000.

This immense out-pouring of the products of our country will prove of incalculable benefit to the general prosperity of the United States.

This rise is not confined simply to food, but labor, rent, everything is marching to figures commensurate, so that all classes are more or less by benefitted by the great events that are going on five thousand miles away from us.—*Buffalo Republic, Feb. 6.*

THE SHIP GREAT REPUBLIC.—What is left of this once splendid ship is now owned by the underwriters. Her builder Mr. McKay, returned from New York yesterday, having collected $235,000, the sum insured upon her and her freight, in New York. Every policy was accepted at sight, and paid without the slightest hesitation, and in the evening, many of the underwriters and other friends gave him a public dinner, at which the most generous and kindly feelings were expressed, and every encouragement held out for him to once more restore the Great Republic to her original beauty and completeness. Mr. McKay expressed his gratitude to his friends; particularly to the underwriters, who had so nobly met their obligations, especially as several envious persons had represented that the ship could be rebuilt for $100,000. Upon his arrival here, our leading shipowners gave him a cordial reception, and were warm in their praises of the New York underwriters, for their promptness. He fully reciprocated their kindness, and stated that a more honorable body of men than the New York underwriters, or men more entitled to his lasting gratitude, he believed could not be found anywhere. Instead of finding them peevish debtors, every one of them received him as a warm hearted friend, and sympathised with him for the loss of his ship. Such conduct is worthy of commendation.—*Boston Atlas.*

RETURN OF MORE GOLD HUNTERS.—We welcome to our midst again, General John C. Gilman, Julius C. Gilman and Charles Gilman. The former left here about five years ago, returned three years subsequently, and in company with his son J. C. and others, again turned his face Californiaward a year ago last spring. "Charley" has been absent four years. He is not a "hero" of the Walker fillibustering expedition, the authority of our neighbor to the contrary notwithstanding. When he fights, he fights "by authority," as he did for the two years he was in the American army in Mexico. We may add, by way of parenthesis, that for one yet in his teens, "Charley" has seen a good deal of the world and its rough usages.

The Messrs. Gilman return in excellent health, and with well-filled pockets. Neither of them appears fully satisfied with his California experiences, and we should not wonder if "the fever" which is evidently still lurking in their veins, should again "carry off" all three of them. *Waterto wn Chronicle.*

BANK PAPER AND STATE TAXES.—The action of the Legislature in refusing to authorize the collection of taxes in State Bank paper, seems to excite a good deal of discussion and condemnation. If our state bank paper is good enough for the people it is good enough for the State. If the people are so entirely sold to the bank interest, by the act authorizing banking, and the legislature refuses to receive their bank notes for taxes, it becomes a dead shave upon the people, for gold is sold by these same bankers at 1 per ct. and silver at 5 per cent. The use of bank paper is driving a metalic currency out of circulation, and substituting paper, which the state refuses to receive. If these notes are not good enough for the State they are not good enough for the people, and the Banking Law had better be repealed at once.

Verily we *do* have some wise Solomons in our Legislative Halls.—*Watertown Register.*

A RAILROAD LYRIC.

In Erie, when the rails were low,
All quietly the cars did go;
For each stopped by the great depot,
Where pies and cakes sold rapidly.

But Erie saw another sight
When railroad kings, as was their right,
Unawed by symptoms of a fight,
Laid the broad guage determinedly.

By torch and boat-horn fast arrayed,
Each rioter grasped his iron spade,
As furious locomotives neighed,
And snorted steam all helplessly.

Then fell the bridge, by axes riven,
Then smashed the rails, by sledges driven;
And three official cheers were given
By judges full of deviltry.

Next morn, the pieman at the station
Found he had missed his calculation—
No passenger, though in starvation,
Would spend one single ha'penny!

The combat deepened. Mayor brave,
Thou wert to thine own wrath a slave!
And all the Union call'st thee knave,
Despite thy shallow sophistry.

Soon at the bar of courts will meet
Thy rioters so indiscreet,
While "Yea!" the jurymen repeat,
When polled for verdict audibly!

WE SEE BY THE COURT RECORDS, THAT THE two counterfeiters, White, of Buffalo, and Lawrence, of Epping, N. H., have been placed under ten thousand dollar bonds, each, for making and selling, imitations of *Ayer's Cherry Pectoral.* This is right. If the Law should protect men from imposition, at all, it should certainly protect them from being imposed upon by a worthless counterfeit of such a medicine as Cherry's Pectoral. We can only complain that the punishment is not half enough The villain, who would for paltry gain, deliberately trifle with the health of his fellow man, by taking from their lips, the cup of hope, when they are sinking, and substituting a falsehood—an utter delusion, should be punished at least as severely as he who counterfeits the coin in the country.—*Green Co. ☞ DR. HOOFLAND'S GERMAN BITTERS prepared by Dr. C. M. JACKSON, are justly reckoned amongst our most valuable medicines. In cases of dyspepsia it acts like magic, strengthening the tone of the Stomach stimulating the digestive powers, and giving ruddy health to the cheek and brightness to the eye. There are thousands in this community who can testify to their virtues and thousands will hereafter add their testimony.

PROCLAMATION.

Friends, countrymen and lovers!—hear me for my cause, and be silent that you may hear; discard prejudice that you may believe, and read facts that you may act intelligently. Who, that is young, but values the luxuriant locks of youth and beauty? Who, that is middle-aged but shudders at Grey Hairs? Who, that is old, but would avert baldness? If any, speak—for him have I offended. As none speak, then none have I offended in addressing twenty-four million people.

Not one of these many million who have attested the virtues of Lyon's Kathairon, for Preserving, Restoring and Beautifying the Hair, but will proclaim its beneficial effects far and near. One trial will convince the most incredulous. Sold uniform, for 25 cents, by every Druggist in America.

NEW YORK MARKETS.

New York, 8th.

Flour—our market for western and state 6¼ better, with good local and eastern demand, with a speculative inquiry, in anticipation of higher prices by Pacific, due to-morrow. Canadian active at 9,00; sales west. canal 6000 bbls at 9,12½ for common to straight state; 9,12a9,37 for common to good Ohio and mixed to fancy Mich. included in sales are 5000 bbls common Ohio.

Grain—Nothing doing in wheat—quotations would be no guide to the market. Rye inactive but firm at 118a120—storm checking business.—Oats quiet and plenty at 54a57 for state and western. Corn—firm demand. Sales 22,000 bush at 102 for damp Jersey—103a104 for southern yellow—103a105 for do western—the latter price for handsome—104 for old western mixed.

Whiskey—market dull and quiet. Sales 750 bbls prison at 32½.

Provisions—moderate demand for Pork and more offering. Prices favor buyers at 15,87 for mess. Beef in fair request and firm at 8,25a11,00 for country mess. Lard 10½a10¾. Butter and cheese unchanged.

THE CENTRAL RAILROAD STEAMERS.—The Buffalo *Commercial* of Monday has a lengthy description of the two new steamers for the Michigan Central Railroad Company, designed to run, during the ensuing season of navigation, between Detroit and Buffalo, on the North Shore route. The boats were built in Buffalo, and are named the *Plymouth Rock* and the *Western World*. The former is to be commanded by Capt. George E. Willoughby, late of the *May Flower*, and the latter by Capt. C. C. Stannard, late of the *Ocean*. The dimensions of the boats, which are equal in size, power of engine, &c., are as follows; extreme length, 348 feet; depth of hold, 15 feet; breadth of deck, including guards, 72½ feet; diameter of wheel, 39 feet; face of buckets, 11 feet. The engines are 81 inch cylinder, 12 feet stroke, and 1600 horse power. The hulls were modeled and built by John English, the well known ship builder, of New York. The engines were built by Messrs. Secor & Co., of the Allaire Iron Works, New York.

The internal arrangements of the boats are perfect. The number of state rooms is 127, of which 64 contain double beds. The saloon on the upper deck is 18 feet wide the entire length, and and there are two rows of state rooms on each side. The saloon on the main deck is 19 feet wide, containing, on each side, a row of berths, 48 in number. The saloons and state rooms are fitted up in the most gorgeous style imaginable, far transcending anything of the kind now on the lakes. The entire arrangements for the building of these boats are under the control and superintendence of Isaac Newton, Esq., the well known manager of the "People's Line" of steamers on the Hudson River. The cost of the boats will be about $250,000 each.

MAINE LEGISLATURE.—The difficulties that have prevented an organization of the Maine Legislature for nearly a month, have been at length overcome, and a Convention for filling the vacancies in the Senate, was held yesterday. It resulted in the choice of three Regulars, Seven Whigs, and five Morrill Democrats. The Senate now stands sixteen Whigs, ten Wild Cats or regulars, and five Morrill Democrats. The coalition majority is thus seven, while in the House it is about twenty. The majority for the Maine Law, is an indefinite quantity. Nobody pretends to question it. We presume that a Governor will now soon be made, and a United States Senator chosen.—We are impatient to chronicle Mr. Fessenden's election to fill the vacancy in the Maine delegation in the senate. He is wanted in Washington just about this time.—*N. Y. Tribune.*

ICE BRIDGE.—Just below the American fall at Niagara, the ice has formed a bridge across the river, at the foot of the ferry stair case. The Rochester American describes it as formed of cakes of ice heaped up together in every possible shape, and rises some twenty feet above the water. It is already used as a highway for foot passengers between the States and Canada. In front of the American fall the ice is piled up in huge masses, and covers the rocks and banks in every fantastic form, presenting in the sunlight the most magnificent appearance. Luna Island is one vast palace of ice, and all the banks of Goat Island are sheeted with the frozen spray. The Canada side and Table Rock are loaded with ice, and it is from this point that the splendid crystal panorama of the American side offers its glaring and sparkling front.

NEW COUNTERFEITS!—*Thompson's Bank Note Reporter*, of Feb. 1st, in its list of new counterfeits and alterations, gives the following: "5's on the Erie and Kalamazoo Railroad Bank, Michigan, altered Vignette, a steamboat; ships in the distance; an anchor on the left corner; Taylor on the right."

PROSPECTUS OF

Thos. H. Benton's Great Work.

THIRTY YEAR'S VIEW, of the workings of the American Government. Published by D. APPLETON & Co., New York, and sold exclusively by subscription.

During the last thirty years there has been no important public measure in which this active and distinguished statesman has not taken an able and decisive part, and been familiar with the influences, whether secret or public, which have urged forward or opposed each. He is therefore well qualified to write the history of this period.

This work will be completed in two volumes, the first of which will be published early in the year 1854, and will be brought down to the close of the administration of Gen. Jackson, and will thus form a complete work by itself, containing about 700 double column, royal 8 vo. pages, and a superbly engraved portrait of Senator Benton.

Price $2,50, payable on delivery of the book.

The book of subscription, together with specimen sheets, can be found at the law office of Messrs. TUCKER & GARVEY; and the Agent will soon give an opportunity to persons desirous of subscribing to do so at their residences and places of business throughout the city and county. jan12

NOTICE.

On Wednesday, Oct. 14th, I shall have the Pedigree and Terms for the season of the Comet Morgan Horse (lately brought from Vermont by me) printed and bound, ready for those wishing the use of him the first season, to enter their names. Season to commence the second day of April, and end the 31st day of July. He is limited for the season at fifty-two mares, two of them my own. It is claimed by those owning the Black Hawk Stock that stands so high in Vermont, that the *original* Black Hawk was sired by the Old Sherman Morgan, the grand sire of my horse. If so, the same cross blood can be raised in this State, and at a far less expense than to import them from Vermont; that was one reason for my bringing Comet Morgan West. His pedigree is fully authenticated.

MEDICATED INHALATION.
A NEW METHOD.

A MOST WONERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man.—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 29th, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffering for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.

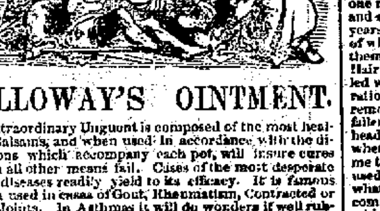
NEW YORK, Dec 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD.

Sold by BOYD & PAUL, No. 40 Cortlandt street; C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

N. B.—Any person inclosing $3 to BOYD & PAUL, or CURTIS & PERKINS, New York, will receive a package containing a bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United States; or four packages for $10.

THE RENOWNED REMEDY.



HOLLOWAY'S OINTMENT.

This extraordinary Unguent is composed of the most healing Balsams; and when used in accordance with the directions which accompany each pot, will insure cures when all other means fail. Cases of the most desperate Skin diseases readily yield to its efficacy. It is famous when used in cases of Gout, Rheumatism, Contracted or Stiff Joints. In Asthmas it will do wonders if well rubbed into the Chest.

A MOST ASHTONISHING CURE OF SCROFULOUS ULCERS.—

A CASE CERTIFIED BY THE MAYOR OF BOSTON, ENGLAND.

Copy of a letter from J. Noble, Esq., Mayor of Boston, Lincolnshire:

To PROFESSOR HOLLOWAY,

Dear Sir,—Mrs. SARAH DIXON of Liquorpond Street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body; and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicines for a short time longer, according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health. I remain, Dear Sir,
Yours Truly. (Signed) J. NOBLE.

AN EXTRAORDINARY AND RAPID CURE OF ERYSIPELAS IN THE LEG, AFTER MEDICAL AID HAD FAILED.

Copy of a letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated Jan 12th, 1853.

To PROFESSOR HOLLOWAY:

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great, and I quite despaired of any permanent amendment when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighborhood similarly afflicted, who derived equal benefit.

I am, Sir, your obliged and faithful Servant,

ST. LOUIS TESTIMONY.—OATH BEFORE THE MAYOR.

State of Missouri, County of St. Louis, ss.

BE IT REMEMBERED, that on this fifth day of May, A. D. 1852, before me, the undersigned, Mayor of the city of St. Louis, in the county and state aforesaid, came personally David M. Smythe, who upon his oath says that the following statement is true.

In testimony whereof I hereto set my hand the day and date last aforesaid. JOHN HOW, Mayor.

SOC. NEWMAN, Register.

ST. LOUIS, Mo., May 5, 1853.

DR. A. G. BRAGG, & Co.—Gents:—You will probably recollect that I called into your establishment some three weeks since and purchased a fifty cent bottle of your *"Mexican Mustang Liniment."* My object in doing so was to try its merits upon my daughter's arm, who has been suffering from the effects of a severe dislocation of the elbow for *several years past.*

The excruciating pain consequent upon a false setting of the bone had dwindled and contracted her arm to a puny size, and I considered it a duty devolving upon me to acquaint the community of the beneficial effect your Liniment has produced.

Her arm was drawn to a right angle, and was almost inert and senseless until your invaluable Liniment was applied, since which time I am happy to state she has enjoyed uninterrupted good strength, and can use her arm nearly as pliantly as before it was dislocated.

I would state, however, that prior to trying your unequalled Liniment, I used several other remedies but without the least beneficial result. D. M. SMYTHE.

STILL MORE EXTRAORDINARY!

ST. LOUIS, Mo.

MR. EDITOR:—As a matter of great importance to the afflicted, I wish to make the following statement. About six years ago, my wife was attacked with a slight stroke of dumb palsy. The whole of her right side and limbs were partially paralyzed. A doctor was called, who bled her copiously in the right arm, which relieved her, and she had no more symptoms of paralysis, until last fall, when the right arm gradually became weak and powerless. Both limbs and the whole of her right side soon became perfectly benumbed, and all voluntary motion was entirely suspended. She was bled again, but without any relief. Even her tongue became paralyzed, so that she could not, at times, speak so as to be understood. She had a brother, Thos. Utley, a boy fourteen years old, who had some time previously been cured of a very severe attack of the same disease, by the use of three bottles of the MUSTANG LINIMENT, and we determined to try it in her case, as she had been under the treatment of doctors for several months without any apparent benefit. I obtained one bottle, and commenced bathing the whole affected side and limbs.—The effect was truly astonishing. In less than a month every symptom of the disease had disappeared. She can use her limbs as freely as ever, and no impediment whatever exists in her articulation. In fact she is perfectly cured; and we bless the day we were induced to use this invaluable Liniment. EDWARD UPMEYER.

PRICES OF THE LINIMENT.—It is put up in bottles of three sizes, and retails at 25 cents, 50 cents and $1 per bottle. The 50 cent and $1 bottles contain fifty and one hundred per cent. more liniment, in proportion to their cost so that money is saved by buying the larger sizes

The Greatest Discovery of the Age.

PROFESSOR WOOD OFFERS FOR SALE A perfect HAIR RESTORATIVE. It will in a short time restore the Hair which has become gray permanently to its original color—bring it out where it is gone, and arrest it where it is falling off—clean the head of the dandruff and itching—remove all cutaneous eruptions, and renders the scalp perfectly healthy by restoring the secretive organs to their original vigor and strength, and thus supply nutriment and coloring matter to it. It does not color the hair, but is, in short, a perfect Hair Invigorator and Tonic—in proof of which he will select from among the mass the following Certificates, viz:—

STATE OF ILLINOIS, }
CARLYLE, June 27th, 1853. }

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his "Restorative," it has resumed its original color, and, I have no doubt, permanently so. SIDNEY BREESE,
Ex-Senator United States.

VINCENNES, Ind., June 15, 1852.

Prof. O. J. Wood—Dear Sir:—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and known others to use it—that I have for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use, will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring either the hands which apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair. WILSON KING.

ST. LOUIS, June 29, 1853.

Prof. Wood—Dear Sir:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months since, very gray, and after using two bottles of your Hair Restorative it resumed its original color; and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied that those who use it will not regret it, as it gives the hair not only its original color, but it gives it the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.

H. L. STEWART.

The following certificates speak for themselves, as the gentlemen whose signatures are attached, are known to thousands:—

ST. LOUIS, September 20, 1853.

Dr. O. J. Wood—Sir:—I have used nearly two bottles of your Hair Restorative, and have found its effects very satisfactory. It has entirely destroyed all dandruff from my head and has restored my hair to its original color, which had become quite gray. WM. TRUESDAIL.

St. Louis, September 26, 1853.

Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it, discovering, to my great astonishment, that my friend's hair, which, when I last saw him before, was very gray, had been completely restored to its original color, having as fine glossy appearance as it had when I knew him twenty years ago.

I commenced using the Restorative about five weeks ago, and am perfectly convinced that it will produce the desired effect, it having restored the color of my hair, more than half of which was white, to precisely the same it was when I was twenty years old, with the same healthy and glossy appearance. I have no hesitation in recommending it to my friends and the public generally, believing that if used according to directions they will not be disappointed. Yours, very respectfully,

N. B. HOLMAN.

BLISSFIELD, June 10, 1853.

Prof. Wood—Dear Sir: Since you request me to give you a statement of the effects of your wonderful Restorative upon me, I cheerfully state, in reply, that I have now used three bottles of it; and although my hair when I commenced its use was a silvery white (my age being sixty-four,) in one month's time it had resumed precisely its original color and so perfect that my friends all thought I looked twenty years younger than usual and scarcely knew what to make of what they considered a perfect miracle, until I informed them it was but the result of an invention of yours called Hair Restorative. I will also state that I was much troubled with dandruff and itching, particularly when in perspiration; but it only required three or four applications to remove all dandruff and itching; and although my hair had fallen off until I was somewhat bald, I now have as fine a head of hair, both in color, softness and lustre, as I had when but a youth, and quite as abundant. It is proper for me to state that I commenced its use in August last, and used none since January. I have no doubt therefore but what the change is a permanent one; I can therefore recommend it as the most wonderful discovery of the age in which we live. S. M. RANDALL.

Extract of a letter from R. Thorn, Sheriff of La Sall county, Illinois:

OTTAWA, Ill., August 21, 1852.

Prof O. J. Wood—Dear Sir:—Yours of June 21st, accompanied by a bottle of your Hair Restorative, was received. I very soon thereafter commenced using it, and it has entirely restored my hair to its natural youthful color.—There is considerable inquiry for the article, &c.

Very respectfully, yours, R. THORN.

HUNTER'S CELEBRATED
Pulmonary Balsam or Cough Syrup,
PREPARED BY
CURTIS & PERKINS, DRUGGISTS,
BANGOR, MAINE.

Proof Positive—Skeptics Read.—Testimony! Testimony!!
HAMPDEN, Feb. 24, 1848.
Messrs. J. Curtis, Jr., & Co.—GENTLEMEN,
I have a word to say to you, in favor of Hunter's Cough Syrup. I have the past year used in my practice, two dozen bottles of it, which I had of you, and every bottle has done good. For eight years past, I have been in the practice of Medicine, and I never have found any thing, so well calculated to operate so favorably in all diseases of the lungs as that is. I have known a hard, distressing cough, cured in forty-eight hours, by using (in broken doses) one bottle of it. One case here in particular, of a man who was thought to have a seated consumption, troubled with a hard distressing cough. I let him have one bottle, and he had two more of your Agent, Mr. Whitmore. After using the 3 bottles, he has become well, and now labors every day. He told me lately, that Hunter's Cough Syrup was the means and only means of his cure. I have given it to infants, to children, to adults, and have the pleasure to inform you that it has done good in every case. I shall do all in my power to recommend it in the cases above named, not wholly for your benefit, but for the benefit of suffering humanity.

HOOFLAND'S CELEBRATED GERMAN
BITTERS,
Prepared by Doct. C. M. Jackson,
AT THE GERMAN MEDICINE STORE,
120 Arch-st., Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

READ AND BE CONVINCED.
[From the Boston Bee.]
The Editor said, Dec. 22d: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY.
One of the best literary papers published, said, August 2
"DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find those Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

MORE EVIDENCE.
The Hon. C. D. HINELINE, Mayor of the City of Camden N. J., says:
"HOOFLAND'S GERMAN BITTERS.—We have seen many flattering notices of this medicine, and the source from which the came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

"If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver, and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally.—This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial—it will recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

LOOK WELL TO THE MARKS OF THE GENUINE.
They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

PATENT MEDICINES.

DR. URBAN'S
ANTI-BACCHANALIAN ELIXIR:
A Safe and Sure Remedy for the Cure of
INTEMPERANCE.

IT is not in the least injurious to the system. It is pleasant to the taste, and will cure the hardest cases of intemperance. We warrant it, in all cases, if taken according to directions. It destroys the desire for all ardent spirits when strictly taken according to directions, and will restore the individual to the same state of sobriety in which he was before he ever drank a drop of the ardent, and he will not have the least desire for intoxicating drinks.

Intemperance is a disease; and as such the greater the excess in drinking, the more speedily is the disease developed, and to such the Elixir is presented as the balm of Gilead—the oil of consolation, peace and perfect restoration.

The more fully developed is the disease the more salutary and powerful the effects of this Elixir, at once destroying the appetite for spirits, and restoring the tone of the stomach to as healthy an action as it was before drinking a drop of ardent spirits; and when intemperance has assumed this diseased form, reason is measurably dethroned, the will to a certain extent becomes ungovernable, until often, alas! many have passed the bounds of sober restraint, and though they may desire, in their sober moments, to abandon the use of that which is so rapidly proving their bane, they cannot, unaided, and no aid has ever been tendered such, with success, until the discovery of Dr. Urban's never failing Anti-Bacchanalian Elixer; since which time none are left without excuse, as the means necessary to destroy the taste, and again enthrone reason, bringing the will into perfect subjection, by extracting the poisonous sting and temptation of the adder, are placed within every man's reach: those, therefore, who hereafter fill the grave of the drunkard must do so by choice, and not of necessity—it matters not how near it you may now be.

As the Elixir is a most powerful purifyer of the blood, the seat of all diseases, it has been used with great success, and is highly recommended in cases of Delirium Tremens, Dyspepsia, Epilepsy, Neuralgia, Liver Complaints, General Debility, Piles, and all kinds of Fevers. It is the best alterative known.

☞ The Anti-Bacchanalian is neatly put up and labelled, with full directions accompanying each bottle. Price $3 per bottle. On the receipt of the above sum it will be sent, free of charge, to any part of the United States. All letters to be prepaid. To be had from all the principal Druggists in the United States.
URBAN & DIDLAKE, 35 Third Street,
Louisville, Ky.

Dr. Urban's Vegetable Fever and
AGUE POWDERS:
The only sure remedy ever known for Chills and Fever, an warranted to cure, in all cases, if taken according to directions.

It cures, when taken according to directions, in TWENTY MINUTES, leaving no Fever after the Chill; very seldom requiring more than ONE DOSE to make a PERMANENT CURE. A great number of cases, from two to five years standing, have been CURED with the FIRST DOSE, and the Chill has never, as yet, returned. The beauty of this medicine is, that it stops the Chill in TWENTY MINUTES, or less, and the patient will be entirely clear from Fever after the Chill, which is not the case when any other medicine is used. It has superseded all other preparations wherever it has been introduced.

Read what the Editors of the Louisville Democrat say from their own observation:
"Dr Urban's medicine for the cure of chills and fever has effected some wonderful cures in our own midst. A young man who has resided for several years in Louisiana, reached New Albany a few weeks since, weak and emaciated—literally worn out physically, with long continued chills and fever. He made a short stay at the house of Judge Smith, where his old disease continued with no less severity than at home in Louisiana Having exhausted almost every remedy known to the medical profession, he procured a box of Dr. Urban's celebrated medicine, and after taking two powders was entirely relieved and restored to health. He has been well ever since—says his health has not been as good for several years, and is now fast regaining his former vigor and the rosy cheeks he was wont to wear."

This medicine can be had at the manufacturers' Depot, 65 Third St., between Main and Market, Louisville Ky., wholesale and retail. URBAN & DIDLAKE.

☞ On the receipt of $1 the Powders will be sent, free of charge, to any part of the U. States. It may also be obtained of all the principal Druggists in the country.

HUNTER'S MEDICAL MANUAL AND HAND BOOK FOR THE AFFLICTED—Containing an outline of the origin, progress, treatment and cure of every form of disease, contracted by promiscuous sexual intercourse, by self-abuse, or by sexual excess, with advice for their prevention, written in a familiar style avoiding all medical technicalities, and everything that would offend the ear of decency, from the result of some twenty years successful practice, exclusively devoted to the cure of diseases of a delicate or private nature.

To which is added, receipts for the cure of the above disease, and a treatise on the causes, symptoms and cure of the Fever and Ague, for twenty-five cents a copy; six copies one dollar; will be forwarded to any part of the United States, by mail, free of postage. Address, postage paid, Cosden & Co., Publishers, or "box 196, Post Office, Philadelphia.

"This is, without exception, the most comprehensive and intelligible work published on the class of diseases of which it treats. Avoiding all technical terms, it addresses itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it in the hands of his sons. The author has devoted many years to the treatment of the various complaints treated of, and 'with too little breath to puff,' and 'too little presumption to impose,' he has offered to the world at the merely nominal price of 25 cents, the fruits of some twenty years most successful practice."—HERALD.

"No teacher or parent should be without the knowledge imparted in this invaluable work. It would save years of pain, mortification and sorrow to the youth under their charge."—PEOPLE'S ADVOCATE.

A Presbyterian clergyman in Ohio, in writing of "Hunter's Medical Manual," says: "Thousands upon thousands of our youth, by evil example and the influence of the passions, have been led into the habit of self-pollution without realizing the sin and fearful consequences upon themselves and their posterity. The constitutions of thousands who are raising families have been enfeebled, if not broken down, and they do not know the cause or the cure. Any thing that can be done so to enlighten and influence the public mind as to check, and ultimately to remove this wide-spread source of human wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generations. Intemperance, (or the use of intoxicating drinks,) though it has slain thousands upon thousands, is not a greater scourge to the human race.—Accept my thanks on behalf of the afflicted, and, believe me, your co-worker in the good work you are so actively engaged in."

One copy will be forwarded (securely enveloped and post-age paid,) on receipt of 25 cents, or six copies for $1. Address, COSDEN & CO., Publishers, Box 196, Philadelphia.

PATENT MEDICINES.

CHERRY PECTORAL.
FOR THE RAPID CURE OF
COUGHS, COLDS, HOARSENESS
BRONCHITIS, WHOOPING-COUGH,
CROUP, ASTHAMA, AND
CONSUMPTION.

This remedy is offered to the community with the confidence we feel in an article which seldom fails to realize the happiest effects that can be desired. So wide is the field of its usefulness and so numerous the cases of its cures, that almost every section of the country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs, by its use. When once tried, its superiority over every other medicine of its kind, is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs, which are incident to our climate.

Nothing has called louder for the earnest enquiry of medical men, than the alarming prevalence and fatality of consumptive complaints, nor has any one class of diseases had more of their investigation and care. But as yet no adequate remedy had been provided, on which the public could depend for protection from attacks upon the respiratory organs, until the introduction of the CHERRY PECTORAL.—This article is the product of a long, laborious, and I believe successful endeavor, to furnish the community with such a remedy. Of this last statement the American people are now themselves prepared to judge, and I appeal with confidence to their decision. If there is any dependance to be placed in what men of every class and station certify it has done for them, if we can trust our own senses, when we see dangerous affections of the throat and lungs yield to it, if we can depend on the assurance of intelligent Physicians, who make it their business to know,—in short, if there is any reliance upon anything, then is it irrefutably proven that this medicine does relieve and does cure the class of diseases it is designed for, beyond any and all others that are known to mankind. If this be true, it cannot be too freely published, nor too widely known. The afflicted should know it. A remedy that cures, is priceless to them. Parents should know it, their children are priceless to them. All should know it, for health can be priced to no one. Not only should it be circulated here, but everywhere, not only in this country, but in all countries. How faithfully we have acted on this conviction, is shown in the fact that already this article has made the circle of the globe. The sun never sets on its limits. No continent is without it, and but few peoples. Although not in so general use in other nations as in this, it is employed by the more intelligent in almost all civilized countries. It is extensively employed in both Americas—in Europe, Asia, Africa, Australia and the far off islands of the sea. Life is as dear to its possessors there as here, and they grasp at a valuable remedy with even more avidity. Unlike most preparations of its kind, it is an expensive composition of costly material. Still it is afforded to the public at a reasonably low price, and what is of vastly more importance to them, its quality is never suffered to decline from its original standard of excellence. Every bottle of this medicine, now manufactured, is as good as ever has been made heretofore, or as we are capable of making. No toil or cost is spared, in maintaining it in the best perfection which it is possible to produce. Hence the patient who procures the genuine CHERRY PECTORAL, can rely on having as good an article as has ever been had by those who testify to its cures.

By pursuing this course, I have the hope of doing some good in the world, as well as the satisfaction of believing that much has been done already.

HENRY'S INVIGORATING CORDIAL,
PURELY VEGETABLE IN ITS COMPOSITION.
THIS INVALUABLE CORDIAL, is extracted from Herbs and Roots, which have been found after years of experience, by the most skillful Physicians, to be possessed of qualities most beneficial in the diseases for which it is recommended, and hence whilst it is presented to the public, as an efficacious remedy, it is also known to be of that character on which reliance may be placed as to its safety. In cases of Impotency, Hoemorrhages, Disordered Sterility, Menstruation, or Suppression of the Menses, Flour Albus or Whites or for
DEBILITY
arising from any cause, such as weakness from sickness, where the patient has been confined to bed for some time for Females after Confinement, Abortion or Miscarriage this Cordial cannot be excelled in its salutary effects; or in loss of Muscular Energy, Irritability, Physical Prostration Seminal Weakness, Palpitation of the Heart, Indigestion, Sluggishness, Decay of the Procreative Functions, Nervousness, &c., where a TONIC Medicine is required, it will be found equal, if not superior to any Compound ever used.
TO FEMALES.
"Henry's Invigorating Cordial is one of the most invaluable Medicines in the many Complaints to which Females are subject. It assists nature to brace the whole system, check excesses, and creates renewed health and happiness. Less suffering, disease and unhappiness among Ladies would exist, were they generally to adopt the use of this Cordial. Ladies who are debilitated by those obstructions which females are liable to, are restored by the use of a bottle or two, to bloom and to vigor.
YOUNG MEN.
That solitary practice, so fatal to the existence of man, and it is the young who are most apt to become its victims from an ignorance of the danger to which they subject themselves, causes
NERVOUS DEBILITY,
Weakness of the System, and Premature Decay. Many of you may now be suffering, misled as to the cause or source of disease. To those, then, who by excess have brought on themselves Premature Impotency, Involuntary Seminal Emissions, Weakness and Shrivelling of the Genital Organs Nervous Affection, or any other consequences of unrestrained indulgence of the sensual passions, occasioning the necessity of renouncing the felicities of
MARRIAGE,
lessening both mental and bodily capacity. Hold! Henry's Invigorating Cordial, a Medicine that is purely Vegetable, will aid nature to restore those important functions to a healthy state, and will prove of service to you. It possesses rare virtues, is a general remover of disease, and strengthener of the system.
AS A TONIC MEDICINE,
it is unsurpassed. We do not place this cordial on a footing with quack medicines, and, as is customary, append a long list of Recommendations, Certificates, &c., beginning with "Hear what the Preacher says," and such like; it is not necessary, for "Henry's Invigorating Cordial," only needs a trial to prove that it will accomplish all we say.
THE GENUINE "HENRY'S INVIGORATING CORDIAL,"
is put up in 8 oz Pannel Bottles, and is easily recognized by the Manufacturer's signature on the label of each Bottle, (to counterfeit which is forgery,) as well as his private Seal on the cork of each Bottle.

DOCTOR D'S
Old Lock Hospital.
NO CURE NO PAY.
No. 112 Wells Street, Chicago.
The Only Certain Remedy
FOR THE CURE OF SECRET DISEASES, at 112 Wells Street. By the strict system established at the LOCK HOSPITAL, 112 Wells Street, all patients are secure of absolute privacy. The advantages of this system are too well known to need any comment. All who have any need of advice or attention from Dr. D. may confide in him with a full assurance of secrecy, and certain hope of recovery. Some of the most learned and famous men of the country have been under his charge—men of genius, intellect and power—and in no instance has the strictness of privacy been violated.

Invalids must be cautioned against the illiterate and unlearned in science, who do so much injury by quackery and imposition. The Vegetable Medicines of Dr. D. are now fully established, as the only certain remedy for venerial complaints, and those who are afflicted with such complaints, are seriously warned not to tamper with them by trusting those who practice the abuse of mercury and balsam.

Dr. D. freely invites all troubled with disorders to call upon him. His charges are regulated by the circumstances of the case No charge will be made where a cure is not effected. Dr. D. is a regular physician, having devoted many years to the exclusive study of these diseases, comprising, in their various shades, gonorrhea, syphilis, impotency, all diseases of the bones, &c. Nothing is needed but to call upon him, to make every thing satisfactory in a moment. Such is the absolute efficacy of the method of cure that no question can possibly exist about it, when once an individual becomes acquainted with the wholesome and certain process. It is but for a man to say he is afflicted, and see himself cured.

The greatest point for the consideration of every body is to avoid all communication with persons unqualified to give them relief. Serious and dangerous consequences ensue, more than the world is aware of, from the treatment of quacks and impostors.

The only certain way is to visit the Lock Hospital, or Dr. D's office, at No. 150 Wells street, and at once place yourself under his care.

☞ Office will be kept open from 9 A. M. until 9 o'clock at night.

All letters (post paid) will receive prompt attention.—Any person wishing a private room until cured can have it by applying to Dr. D. aug5-d1yr

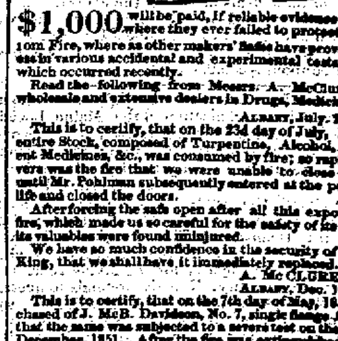
FireKing Safe, again Triumphant.



$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuables from Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c.
ALBANY, July 27, 1852.
This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close one safe until Mr. Pohlman subsequently entered at the peril of his life and closed the doors.

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.
A. McCLURE & CO.
ALBANY, Dec. 19, 1852.
This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 18th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.
P. J. CLAASSEN,
Importer of Wines, Cigars, &c., Broadway, Albany.
After an examination of P. J. Claassen's Safe and papers, we are convinced of the superiority of Davidson's Safes over all others.

This Safe received the highest premium—a silver medal at the Fair of the New York State Agricultural Society, which was held at Albany, September 1850. Also a medal and diploma for the best burglar and fire proof safe at the same Fair held at Utica, for 1852.
Raymond, Ward Co. will receive orders for Davidsons Fire and Thief Proof Bank and Vault Doors. de18
This is to certify that on the 25th of September last we purchased of H. D. Rice, Esq., one of Mr. J. McB. Davidson's Fire Kings (No 4 Single Flange); that on the 14th of November past it was subjected to a very severe test in the burning of our warehouse, in which was stored a large quantity of whisky and other combustible materials. On opening the safe we found all our papers, consisting notes letters and receipts, perfect and entirely legible.
